GROUPACCESS

OVERVIEW

WELCOME TO GROUPACCESS

To register for GroupAccess, please select the Register button on the login screen. Once you complete the registration form, your Primary Group Administrator or Enrollment Services Representative must activate your User ID. The approval process may take up to 48 hours.

Once your user is activated, you will receive an email with a temporary password for your initial log in. Use this to sign into GroupAccess where you will then be asked to customize your password and re-login.
